The above fee schedule is for the facilitation of the stated event. Transportation and accommodation expenses associated with an event are the responsibility of the host group.

The Facilitation Fee Schedule outlined above is based on the costs associated with providing Jericho House ministry events. The facilitation fees are not meant to deter a person or group from participating in an event. If the fees charged for an event might deter participation, the group's contact person is asked to talk with Br. Bill Carrothers or Sr. Jacquie Keefe to determine an alternative amount for a particular event. If, on the other hand, a group would like to make a donation beyond the amount stated in the Fee Schedule, such a donation would provide income for a bursary fund. The Jericho Team attempts to ensure that all who want to participate in a Jericho House event are included, but to ensure this, your cooperation is necessary.

* Groups that book Jericho House and the services of the Jericho Team, will receive a 50% reduction in facilitation fees.
